

Team Working Agreements

Logistics

- Daily Scrum at 10 am unless stated otherwise
- Meet online in discord
- Every day list what will I do, what I have done, and issues in discord #daily

Development Environment

- Use vscode as IDE
- Use npm to manage packages and run web app
- Discord

Coding style

- *Google Java Style Guide*

Work Patterns

- Work on assigned item in separate branch
- pull and merge main into branch before merging branch into main
- do not push merge conflicts

Main Responsibilities

1. Khoa : database
2. Kamal : Frontend UI

Product Design Pattern

- minimalist
- communicate with Kamal
